

# Flexi StorMAX 25 - W/EW/WHL 1350/1400/1500

## Create up to 50% more Warehouse Capacity

Flexi StorMAX 25 works by placing one pallet behind another from a very narrow aisle. This format maximises the storage capacity of any building

## Lift Heights to 11 Metres

Every pallet load can be 1000 kgs or more. Even in the backspace

## Integrated Sideshifting and Telescopic Function with SCS and CCTV Vision System

With unique Stability Control System (SCS), maximises safe storage capacity of back pallets throughout the system. Integrated safe storage operator vision system

## Use Modern Warehouse Management Systems (WMS)

(WMS) to control the placement of loads in FILO order to maximise handling efficiency, direct operators to next pallet location and control stock levels accurately

## Fast Work Cycles

With only 50% of loads in back locations means 30% more pallets per hour per truck, than 'Drive-In' racks / Shuttle Car Systems. Bottom pallets on floor for easy picking with PPT

# Lift Height 11 Metres

# The Digital Range

The Digital Range of articulated fork trucks has been developed specifically to improve storage and handling

#### Integrated Sideshift

All Flexi's are supplied with a high quality integrated sideshifting fork carriage to promote efficient and safe stacking.

#### Forward-Facing Seat

Comfortable and high-quality adjustable full-suspension seat with operators lumbar support, reduces fatigue and improves productivity.

#### Fixed "Clear Vision" Mast

Operators have excellent forward visibility thanks to our triplex free lift mast, with its side mounted lift cylinders. Safe productive forward pallet pick up and set down.

#### Front Wheel Drive

Proven safe traction-laden or unladen in all operating conditions. Tough elastic rubber tires all round allow operation on all warehouse floors. No tyre scrubbing, with full differential drive on both wheels when turning.

#### HiVIS Overhead Guard

The unique Flexi 'HiVIS' Twin Post™ overhead guard combines maximum visibility and complete overhead and roll over protection for the operator. With no front 'posts' to obscure operators vision when stacking.

#### Easy Battery Access

Fast and safe battery access and changing. Low lift off, fork pockets. Easy battery inspection and topping. No motors, brakes or pumps hidden underneath.

#### Unique Flexi 220° Over Rotation

More stacking clearance along every aisle. Compact axle designs maximise aisle clearances. Flexi is the proven 'no damage - fast turn' solution.

#### Flexi Narrow Aisle
